**01B50                      NET CONTENTS                      GALLON(S)**

This pleasantly scented, non-vicious food grade acid detergent is formulated for the cleaning and maintenance of toilet bowls, urinals, wash basins, porcelain and ceramic tile, sinks, shower stalls, chrome faucets and fixtures, glass shower doors, stainless steel bath tubs, and water fountain basins. Use of this product will clean and remove water spots, mineral deposits, rust, grease, oil, and soap scum from bathroom surfaces safely and effectively.

## **SUGGESTED USE DILUTIONS:**

Shower stalls, bath tubs & ceramic tile	Use undiluted
Heavy soap scum & mineral deposits	Use undiluted
Stainless steel, chrome fixtures & water fountains	Dilute 1:1 with water
Bowl & urinal cleaner	Use undiluted
Porcelain & enamel sinks	Dilute 1:2 with water
Daily cleaning	Dilute 1:3 with water

## **DIRECTIONS FOR USE**

Apply product at appropriate dilution concentration with a hand trigger sprayer, sponge, cloth, bowl swab or brush. Allow surface to remain wet for 2-3 minutes, then agitate surface with brush, swab or sponge. Rinse thoroughly and wipe dry to restore luster and to minimize water spotting.

**CAUTION:** This product contains Phosphoric Acid. May be harmful if swallowed. Avoid contact with eyes and skin. Skin contact: wash area with soap and water. Eye contact: flush with water for 15 minutes. Seek medical attention. Ingestion: do not induce vomiting. Drink large amounts of water and milk of magnesia, a solution of water and baking soda, then follow with water with beaten egg whites or vegetable oil. Consult physician. Do not mix this product with other chemicals or cleaners. Rinse empty container before discarding.
