

ZIP SAFE DEGREASER

Industrial Safety Solvent

- *No Residue, Non Etching
- *Non Corrosive
- *25,000 Volt Dielectric Constant
- *Non Flammable
- *Oxygen Cleaning

CAUTION: Keep out of reach of children. Vapor harmful.
See side panel for more cautions.

45B66 NET CONTENTS GALLON(S)

This product is a fast drying, non flammable solvent, formulated for the removal of grease, oil, wax, ink, lint, dust, mold, release agents, some adhesives and light carbon deposits. This product may be used to clean and degrease precision components, electric motors, automatic pinsetters, printed circuits, sewing machines, textile industry equipment, printing presses, rollers, blankets, offset types, watch and mechanical equipment, typewriters and other office machines. Regular cleaning and maintenance of equipment and machinery will reduce down time, prolong motor life, reduce fire hazard or loss, and minimize repair costs.

DIRECTIONS FOR USE:

Electric motors may be cleaned and degreased by spraying solvent into running motor, or by immersion of smaller motors. Clean motor may be blown dry with compressed air or allowed to air dry. Re-lubricate bearings after cleaning. As a general purpose cleaner, spray on and blow dry, spray on and wipe dry, wipe on with brush or rag, or use as immersion cleaner.

CAUTION: Keep out of reach of children. This product contains Ethylene Trichloride. Use in well ventilated area. Product is not recommended for cleaning computers or data processing equipment. Avoid prolonged contact with plastic or rubber. Keep closed when not in use. Avoid skin contact. Wash with soap and water and apply antiseptic cream. Do not ingest. Contact physician or Poison Control Center immediately if this occurs. For eye contact flush with water for 15 minutes. Dispose of container in authorized landfill site. **NOTE:** Open bung slowly to allow vapor to escape.
