- * Eliminates Odors
- * Safe for users and environment
- * Biodegradable

CAUTION: Keep out of reach of children. See side panel for further cautions.

49B01 NET CONTENTS GALLON(S)

BIO-UR-GONE is a biological based bathroom cleaner used to clean bathroom floors, tiles, grout, sinks, toilet bowls, urinals, countertops, etc. BIO-UR-GONE targets organic compounds including proteins, starches, cellulose, fats, oils and greases. Revives grout by removing organic build-up. Highly effective at reducing scale associated with hard water and inhibits the formation of uric salts that contribute to scale. Eliminates odors through complete bacterial degradation of trapped organic matter. Not for use on food preparation surfaces.

DIRECTIONS:

Heavy Soil: 4-8 oz per gallon of water.

Medium Soil: 2-4 oz per gallon of water.

Light Soil: 1-2 oz per gallon of water.

Toilet Bowls and Urinals: 2-8 oz in fixture. Swab and allow to dwell as long as possible.

Spray and Wipe: Dilute according to soil level and severity of odors.

Mop Bucket: Dilute according to soil level and severity of odors.

CAUTION:

Do not take internally. If swallowed, rinse mouth and throat with water, then drink some water to dilute. For eyes, rinse with plenty of water for several minutes holding eyelids open. Avoid freezing.
